

# FACEBOOK AUDIENCE TARGETING GUIDE

The Comprehensive Targeting Guide

# Welcome Facebook Ads Comrade...

If you're anything like I was when I first started out creating Facebook ads campaigns, you're probably overwhelmed by the massive array of targeting options available. Truth be told, I still get overwhelmed, which is why I created this simple Facebook Audience Targeting Guide.

I'm Luke Moulton, founder of [leadsync.me](http://leadsync.me), but back in 2015, I was a Facebook Ads consultant. After creating numerous campaigns for clients, I began to get frustrated sorting through all the targeting options available in Ads Manager (and Power Editor back then). So, one Friday afternoon, I grabbed a cold beverage and decided to map them all out. That map became [Version 1](#).

Much has changed since then... although surprisingly Political Affinity still remains. Go figure!

The Version 1 map was readable... if you printed it out on an A3 page and used a magnifying glass. With this latest 2018 version, I've decided to create a PDF guide with multiple pages, for two reasons:

1. There are now so many more targeting options it's impossible to fit them on the one readable map
2. Now you can print out these pages (remember that old format?) and stick them on your wall for easy reference... at least that's what I did for a while.

I hope the maps in this guide help you (and perhaps your clients) more easily discover target audiences for Facebook ads campaign.

Oh, and one last shameless plug: these days I dedicate most of my time to [LeadSync.me](http://LeadSync.me), an app that helps advertisers easily access lead data generated via Facebook Lead Ads. So if that's an ad format you're using, head over to [LeadSync.me](http://LeadSync.me) and grab a 14 day trial.

# Overview

Facebook Ads Audience Targeting is available (mostly) at the Ad Set level where you can target by:

- Custom Audiences
- Location
- Age
- Gender
- Language
- Detailed Targeting
- Connection
- Placement

In the next few pages, we'll drill down to all the targeting option you can access within these sections. Any targeting options with strike throughs may not be available in your region.

The image shows a screenshot of the Facebook Ads targeting interface. The main window is titled "Audience" and includes sections for "NEW AUDIENCE", "Custom Audiences", "Locations", "Age", "Gender", "Languages", and "Detailed Targeting". A "Placement" modal is open, showing options for "Automatic Placements (Recommended)", "Edit Placements", "Device Types", "Asset Customization", and "Platforms". The "Platforms" section is expanded to show "Facebook" and "Feeds" with checkboxes.

Australia

📍 Australia

📍 Include ▾ | Type to add more locations | Browse

Add Locations in Bulk

Age ⓘ 18 ▾ - 65+ ▾

Gender ⓘ All Men Women

Languages ⓘ Enter

Detailed Targeting ⓘ INCLUDE people

Add demographic

Exclude People

Expand in result. ⓘ

Connections ⓘ Add

**Placement**

Automatic Placements (Recommended)

Use automatic placements to maximize your budget and help show your ads to more people. Facebook's delivery system will allocate your ad set's budget across multiple placements based on where they're likely to perform best. [Learn more.](#)

Edit Placements

Removing placements may reduce the number of people you reach and may make it less likely that you'll meet your goals. [Learn more.](#)

Device Types

All Devices (Recommended) ▾

Asset Customization ⓘ

# Top Level Targeting Options

# Digging Down

If you look carefully at the targeting map above, you'll notice I numbered Demographics, Interests and Behaviours. That's because each of these targeting levels have many sub-targeting options.

So, in the next few slides, I'm going to map each of these target categories individually.

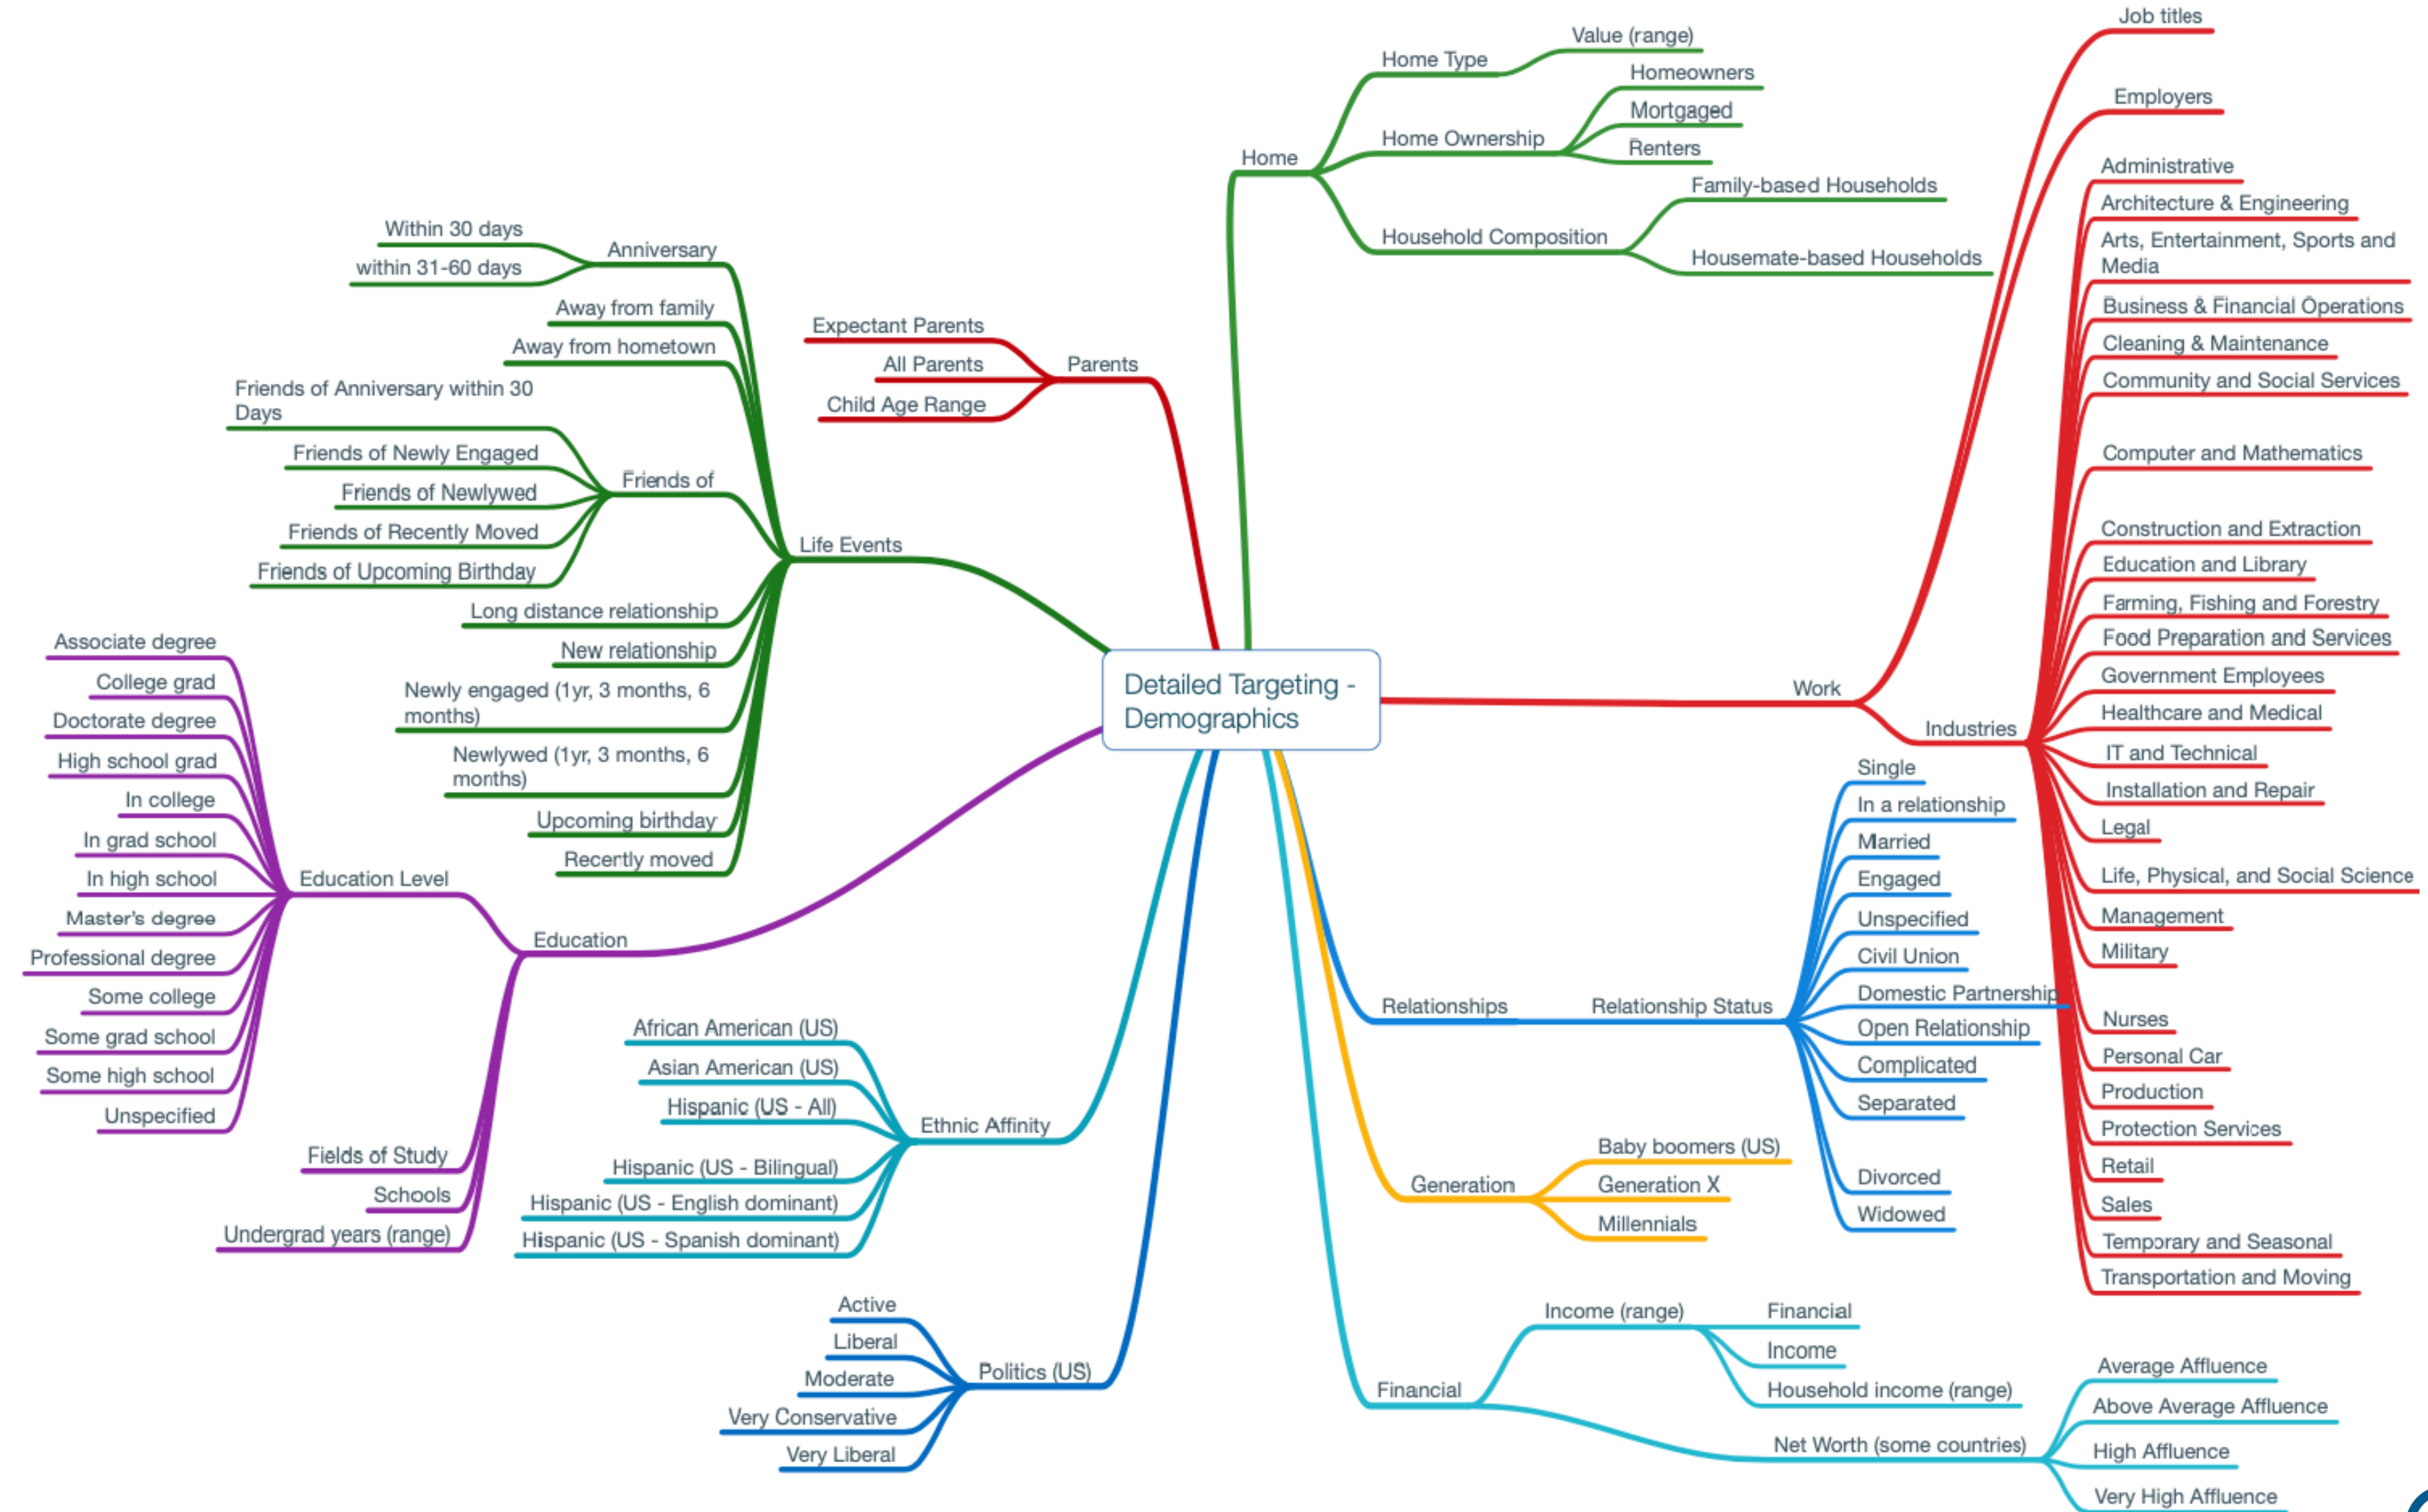

# 1. Demographics

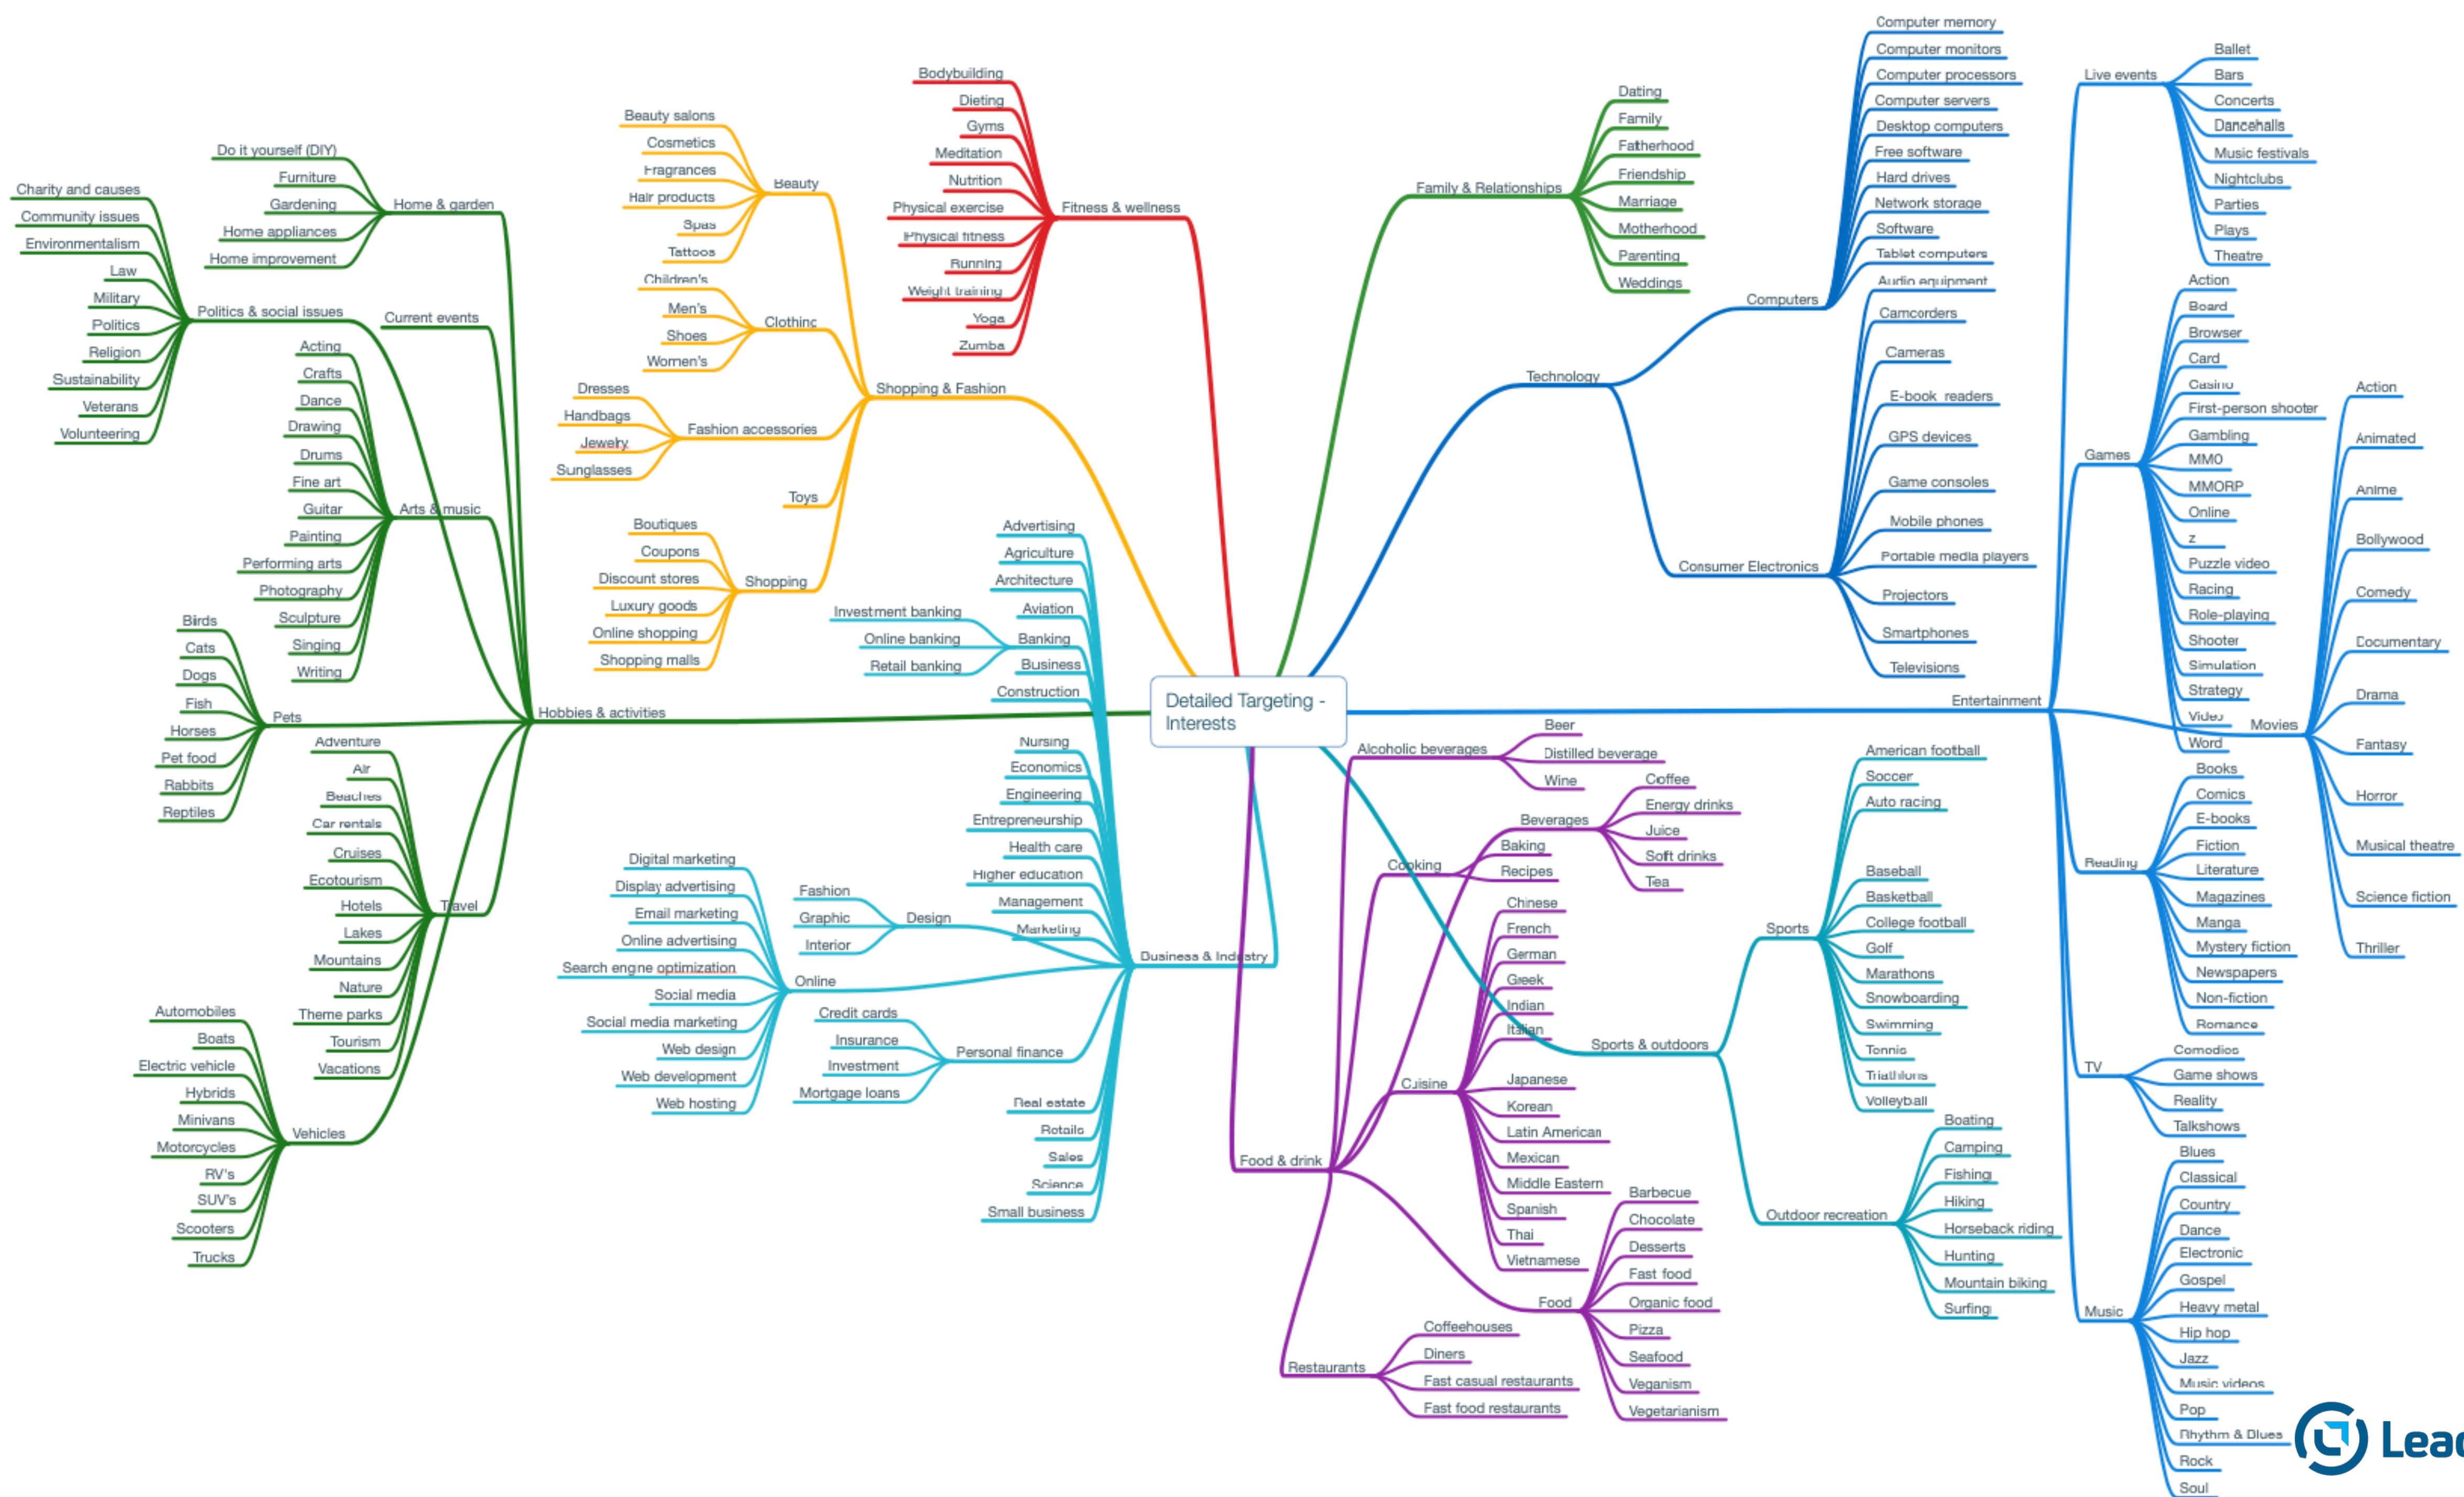

# Detailed Targeting - Demographics

## 2. Interests

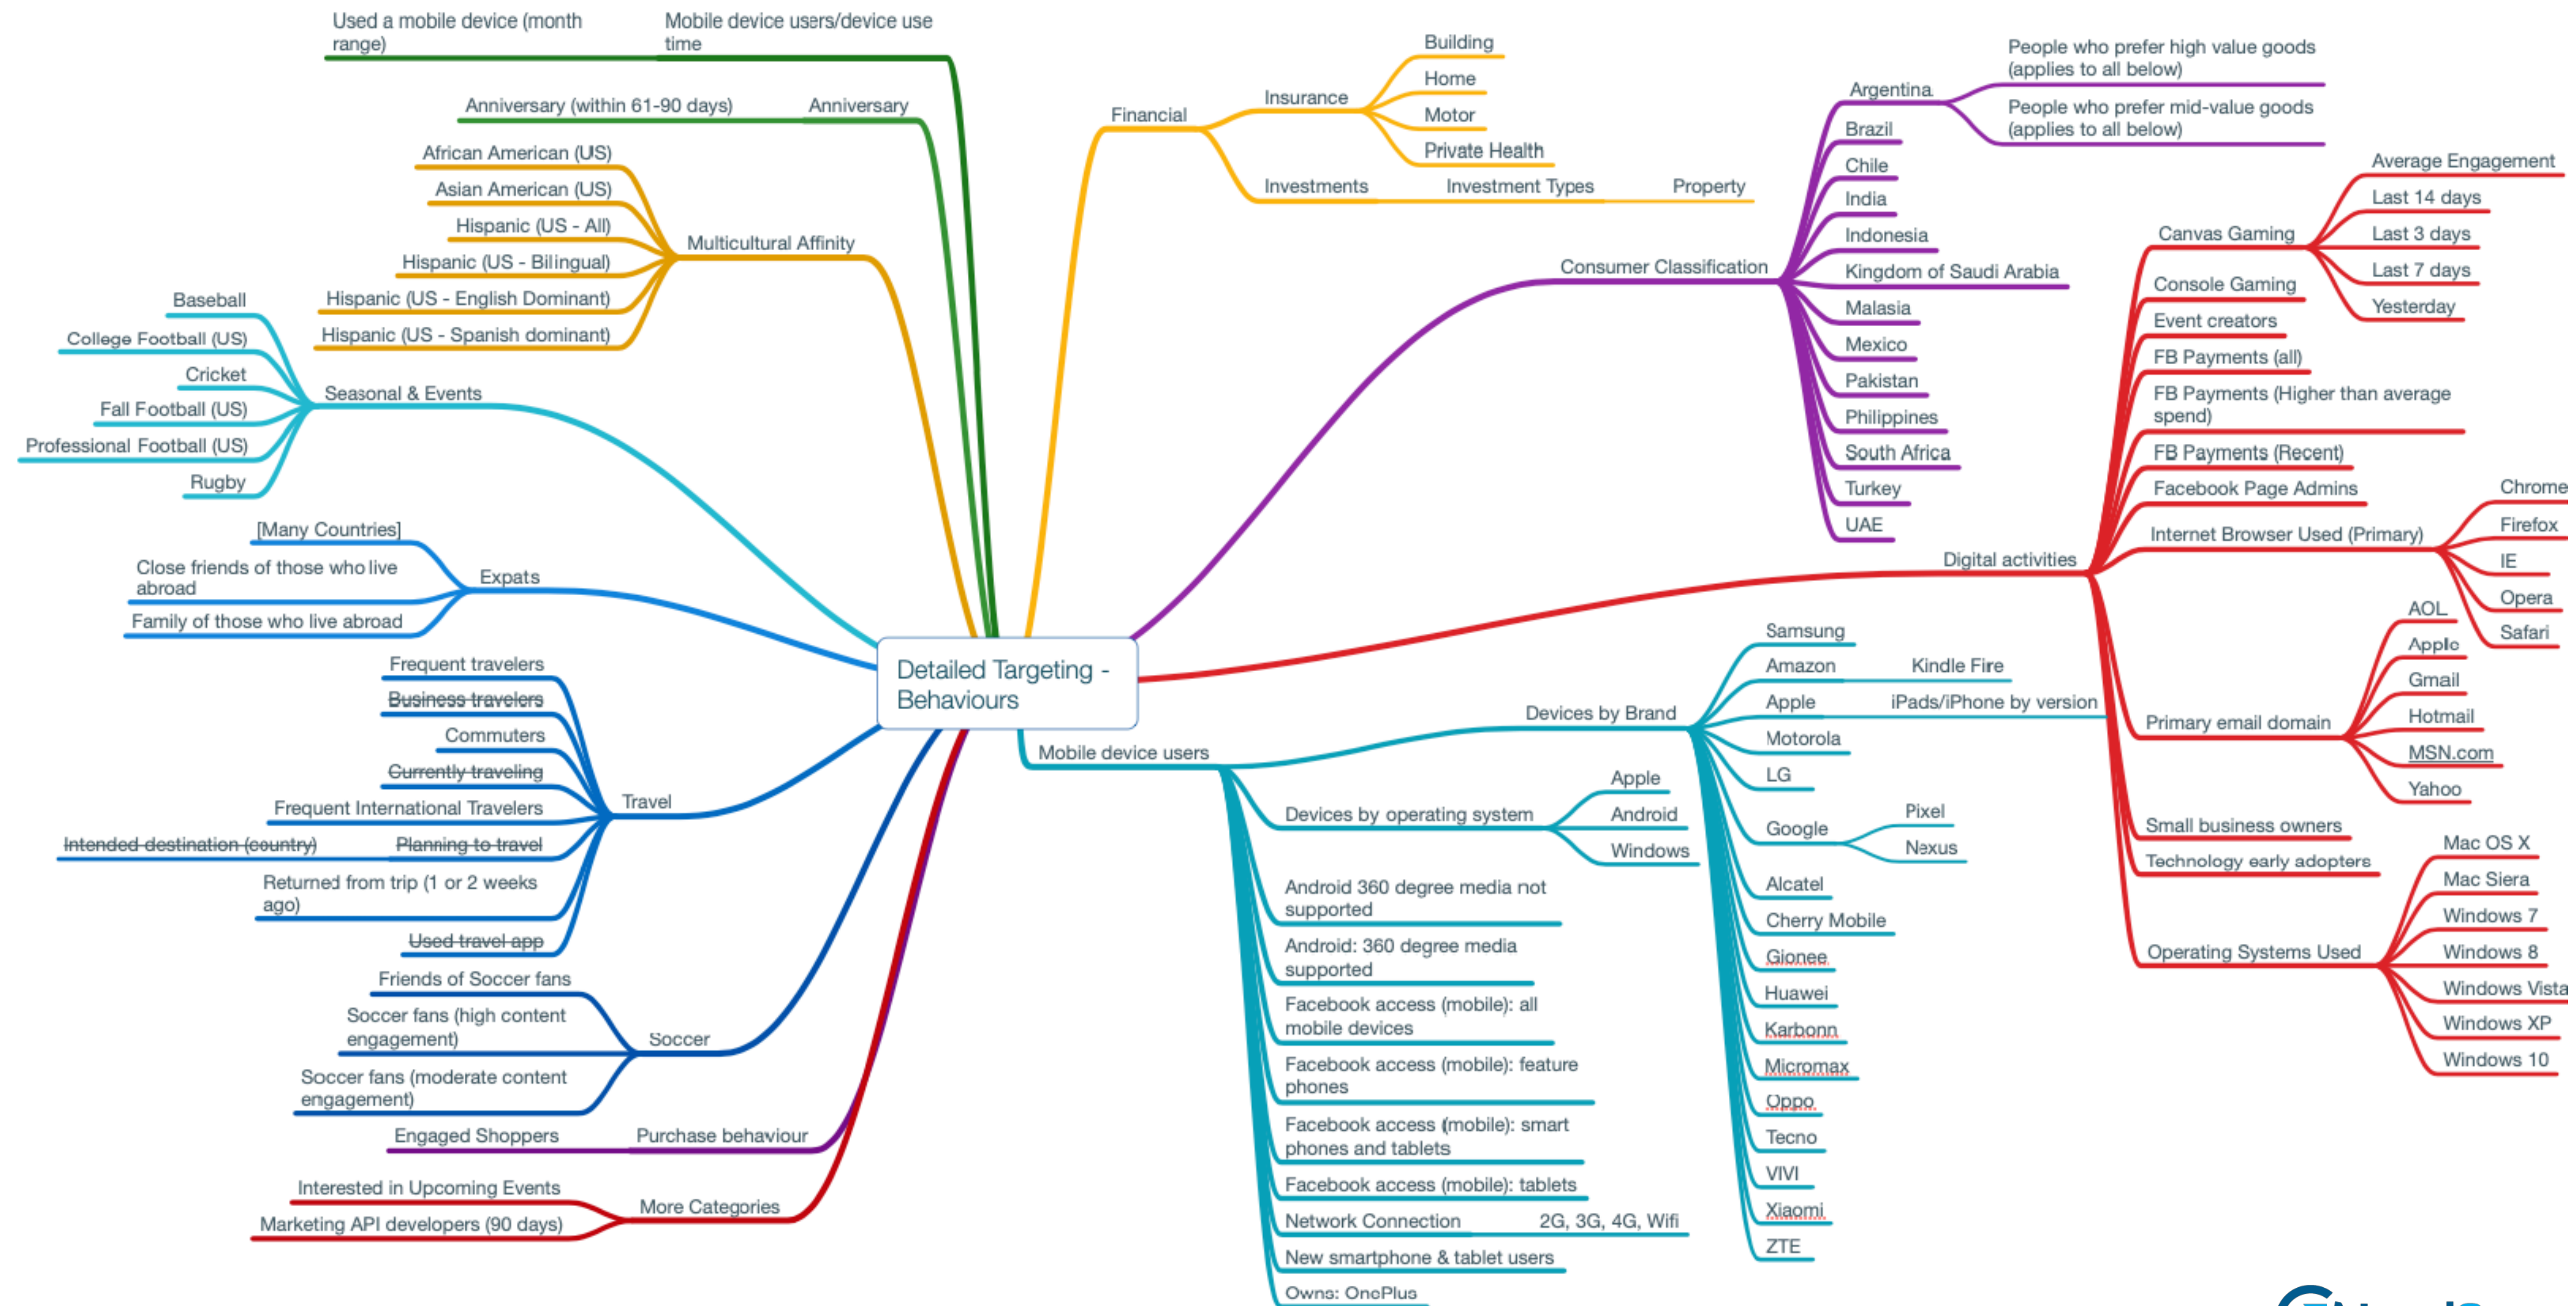

# 3. Behaviours

# Power Tip: Combine Targets

While there's an overwhelming variety of targeting, the power comes when you combine Detailed Targeting options at the Ad Set level.

Mix and match your targeting along with Demographics, age, gender and placement to really niche down.

Detailed Targeting INCLUDE people who match at least ONE of the following ⓘ

ⓘ

Interests > Food and drink > Alcoholic beverages

**Wine**

Add demographics, interests or behaviors | **Suggestions** | **Browse**

and MUST ALSO match at least ONE of the following ⓘ ×

Interests > Sports and outdoors > Outdoor recreation

**Outdoor recreation**

Add demographics, interests or behaviors | **Suggestions** | **Browse**
